MEMO.—It is a matter of regret that the profits anticipated have not been realized in the above Estates. Some of the reasons however, are not far afield; the principal of which are:—The large influx of new Real Estate concerns, the financial dexterity, brilliance and dash of their large and startling transactions, and the vast West End propositions, which in their consequences have eclipsed our soberer methods.

It may be added that these Estates are situated in the North and East of the City, which precincts contain the largest portion of the population as shown by the last amended census.

Nestle's Food has been the standard infant's diet for forty years. It nourishes the child so that the increase in weight is immediately noted. It contains the right elements of nutrition, so combined that it closely approximates mother's milk. The danger of cow's milk is avoided. ## They Die Hard.

Coffee today is likely to keep us toasting, in spite of the awful warnings of the advertisers of rival beverages.

The seasoned, hardened, insatiable, hopelessly abandoned coffee lovers are the people we want. They always come back again for the Hudson's Bay Company's special blend of fresh-ground Mocha and Java. They say they can get Mocha and Java anywhere; but it's not just the taste.

And then about tea. There wouldn't be so much coffee used if everybody used Topley's tea. It is expected that nearly everybody will, in the course of time. These teas are making new friends every day. And it's not advertising that does it, it's the tea.

Hudson's Bay Company

Patent Hungarian.

It was not by chance that the "Grand Prix," or highest possible award, at the late world's fair at Paris, where all the great mills of the world were competing, was awarded to flour bearing the above brand.

"It's in a class by itself. Other flours usually considered first-class, are simply not in it. I have been baking for 27 years and never saw anything like it." That is what was said a few days ago by a city baker of wide experience. This flour is made by the Hudson's Bay Company's Fort Barry mill, at Winnipeg, where nothing but Manitoba No. 1 hard wheat is used.

This flour is not for bakers only. Its superiority over all others is as noticeable in the kitchen as in the bakery. Are you using it? If not, why not?

## THE PRICE OF COAL

The price of coal in Edmonton is again \$2.50 a ton. For a week now coal has been selling at almost any price. It got down to \$1.50 a ton and then the teamsters took a hand, and calling a meeting of the coal dealers, asked that the price per ton for hauling coal to Edmonton be \$1.50. The coal dealers and mine owners took to yesterday evening to consider the demand and in the afternoon held a meeting in Robt. May's office, with Mr. May in the chair. A mine owners' and coal dealers' union was organized. The price of coal at the mines will be \$2.50 per ton. In the town mine run coal will be delivered for \$3.00 per ton, and screened coal \$3.50 a ton. Henceforth there will be no contracts made at a less price per ton than this figure. These prices go into effect today.

In the evening a committee of the mine owners and coal dealers met a committee of the teamsters' union and conferred with them regarding the price per ton of hauling coal. It was decided to make the price \$1.50 per ton, commencing January 1st.

## THE NEW STEAMER

The Prince Albert Advocate in a recent issue says: "Capt. Moher and Son have commenced work on the construction of a large stern-wheel steamer, in the east end, alongside the old Marquis." This is the steamer which Capt. Moher is having built at Prince Albert for plying on the Saskatchewan between that point and Edmonton. It will be brought up to Edmonton early in the spring and will have its headquarters here. Should this venture prove successful the gentlemen interested will put on other steamers as the traffic demands. Captain Moher and the gentlemen connected with him in this enterprise are old steamboat men, having operated for a number of years on the Rainy river. The construction of the Canadian Northern cut off much of their business there, and having a good opportunity to sell out they have moved their scene of operations to the Saskatchewan. They intend doing a large district trade between Edmonton and points down the river. There is undoubtedly a large field for this work and this steamer will likely form the nucleus of a fleet of steamers which will ply on the Saskatchewan as the adjoining country becomes developed.

## LOCAL

—Train left Red Deer on time.

—The Eye Opener has been moved from High River to Calgary.

—The weather probabilities today state that in Manitoba and eastward to the Atlantic, extremely cold weather is being experienced.

—A change has been made in the skating nights at the rink this week. Wednesday night there will be hockey and Thursday night skating. This change is for this week only.

—The joint installation of the officers of the Edmonton lodge, No. 53, A. F. and A. M., West Adams lodge, No. 56, Strathcona, A. F. and A. M., took place Monday night in the new Masonic Hall on Second street, Edmonton. District Deputy Grand Master D. S. McKensie, Strathcona, was installing officer.

—The Western Globe is a new paper being published in Lacombe. The first issue is a very creditable one. The editor is J. D. Skinner and the paper is liberal in politics.

—The Reporter, a new paper published at Penhold, Alberta, has been out of this office. It is a creditable sheet and has a good advertising patronage.

—Penhold Reporter.—We notice by the Alberta Advocate that "Carry," the redoubtable Captain Hillhouse, has said farewell to Red Deer. This will be another blow at the baseball club there. They have still the genial Minkler and Edgington; but this move places the Raymer cup in the light of "Twinkle, twinkle, little star."

—None of the curling matches as posted took place yesterday evening. Matz defaulted to Ibbotson, but this game will probably be played New Year's morning. The ice is very heavy today. The games for tonight as posted are: McDonald vs. Pearson; R. McLean vs. Emory; Mercer vs. Raymer.

—A Christmas social was given the children of the Edmonton Presbyterian Sunday school yesterday afternoon from five to seven in the Sunday school rooms. A large number of children were present and a most enjoyable time was spent. At the conclusion the children were given bags of candies to take home with them.

—A good fall of snow last night has made fair sleighing and has brightened things up considerably. The weather is still mild, although not so summerlike as the past fortnight has been. Reports of exceedingly severe storms come from Western Ontario. In places stage lines have been tied up for days owing to an immense fall of snow. Heavy winds accompanied the snow, which made the storm particularly severe.

—The Winnipeg Tribune published on Saturday, Dec. 19th, a Christmas number, which for size and quantity of advertising, has outtrivalled many Canadian competitors. This big issue contained sixty regular size pages of news, special Christmas matter and holiday features, and had a handsome lithograph frontispiece. The advertising pages contained 282 columns of advertisements, which is said to be the largest amount of advertising ever carried in a single issue of any Canadian newspaper. The paper was gotten out by the Tribune staff and printed on the regular big size press.

## SOUTH AFRICAN ASSOCIATION

The South African veterans of this district held an exceedingly pleasant reunion banquet at the Grandview hotel last night. About thirty were present. A program of music and speeches was given. The toast list included: The King; Army, Navy, Auxiliary and Colonial forces; Absent comrades; Our dead, and Our friends, the enemy. A more complete report of the proceedings will appear in tomorrow's Bulletin.
